About Me

I am a seasoned **3D designer** with over a decade of experience, specializing in **Commercial Interior** and **Retail Store Design**. My expertise lies in **conceptualizing** various retail store elements, including **fixtures, FSU/DSU, countertops, and exhibition** setups. Additionally, I have experience in **stage design**, adding versatility to my skill set.

My proficiency extends to a wide array of **software tools**, including **3Ds Max, Vray, Photoshop, Premier Pro, and Corel Draw**. I also possess a fundamental understanding of **Autocad, After Effects, Lumion, Sketchup, Revit, Keyshot, and Microsoft Office suite**, allowing me to deliver **comprehensive design solutions**.

With a keen eye for detail and a passion for innovation, I strive to bring creativity and functionality together in every project I undertake. My dedication to excellence and ability to adapt to diverse design requirements make me a **valuable asset** in the field of **3D design**.
